The equipment of Mr. H.B. Khalidi, A.S.O.
was sent to Yibna Station, as asked for by him when
he was at this office on the 14th instant. Issue
Vouchers were forwarded to him direct.

The equipment of Mr. Moghannam, Field Clerk,
was despatched to Isdud Station. Issue Vouchers
for same have been forwarded to Mr. M. Hussein who
has been asked to transfer them by voucher to Mr.
A. Darwish as soon as this officer returns from leave.

I shall be glad to know on whose ledger charge
is the equipment of Izzat Eff. Atawneh. If it is
on Mr. Darwish's charge, the latter on his return from
leave should make out an Issue Voucher for this
equipment to Mr. H.B. Khalidi, with the usual copy

Subject: Petition submitted by Khalid bin
Abdine of Ranch

Reference: Your s/o of 2/4/36

I attach herewith a self-explanatory document.

Petitioner Khalid Abdine agreed of his own accord to postpone the recording of all claims in respect of the Almani family until the arrival of Sheikh Said al Almani from Safad.

Petitioner himself together with the rest of the claimants refused to bring or submit any supporting documents as they were hoping for an amicable settlement. They insisted that the matter could only be settled if Sheikh Said al Almani be summoned from Safad. Upon their insistence I summoned Sheikh Said al Almani through the Moslem Representative Council to appear on 13/4/36.

Subject: Reconnaissance Report
Reference: My Report dated 15.3.36

Further to my report of 15.3.36 the
Registration of Juzja as shown in the Turkish Register
was a fiction only. Actually the lands were
shared and continued after the registration to be
periodically distributed. Several years ago the
lands were finally and unofficially partitioned between
the 3 Ruls but the members of each Rul' continued
to cultivate the lands of the Rul' allotments
on the basis of periodical distribution. Towards
the end of 1929 the Ruls were actually and
unofficially partitioned. My individual dis-
tinction was allotted a definite parcel which he
possessed ever since 1929.

Subject: Reconnaissance Report - Jayia

I hereby submit herewith my report on Jayia lands. The information arrived at is found in the Land Registry, Jyod and V.C.C.

Category: The Category of all lands in Jayia is Mori

Boundaries:

1. Majdal lands
2. But Tuna & Boshara
3. Boshara
4. Boshara & Hiffes

Position: The lands of Jayia are registered in 91 Waki as two main localities namely Tatura & al Gibbia both of which are both Tundra. 1. Tatura is a village. It represents the northern boundary of the village and includes the following blocks and localities:

1. Al Shamin & Gibbia 1457
2. al Shamin & Gibbia 1457
3. Umm al Shamin 1459
4. " Gibbia 1460
5. Tatura Shamin 1458
6. " Gibbia 1452
7. Jabrai Ghazgi 1463
8. " Ghazgi 1454
9. Hawatli 1461
10. (Hawatli) Hawatli 1462

The boundaries mentioned in Table of Tatura agree exactly with the present boundaries i.e.

1. Tatura & Majdal
2. But Tuna
3. Al Shamin
4. Rd.

2. Al Gibbia represents a Tatura indicating the southern boundary of the village and includes the following blocks & localities:

1. Al Ghazgi & Gibbia 1456
2. Al Ghazgi & Gibbia 1455
3. " Gibbia 1456
4. Al Gibbia Ghazgi 1457
5. " Gibbia 1458
6. " Gibbia 1459
7. al Ghazgi & Gibbia 1460
8. al Ghazgi Shamin 1463
9. Hawatli (Southern) 1462

The present boundaries of al Gibbia also agree exactly with those mentioned in the Table of Tatura

1. Al Ghazgi & Gibbia
2. Tatura & Boshara
3. Rd. & Badi

The shawab's areas are included in blocks 1461, 1462, & 1460 some of which are in Talawa & others in al Qibla. Actually they are not planted with trees but are used as regt. plots.

Portition: Meru yrs ago the three Rubi of the Wya carried out an unofficial portition between them & my uncle was allotted a definite locality. Jack Rubi has cultivated the fixed ones ever since. 8 yrs ago another portition took in my Rubi and my Hamula. The Rubi was also allotted a definite place. The allotment to the 3 Rubi was as follows:

1. Al Shauatwa

1460 Al Shauatwa & Shobin
1461 al Shauatwa al Qibla
1462 al Shauatwa al Shobin
1463 al Qibla al Shobin
1464 al Qibla al Shobin
1465 al Shauatwa

2. al Qibla

1460 Meru al Qibla
1461 " al Shobin
1462 al Shobin al Shobin
1463 al Shobin al Shobin
1464 al Qibla al Shobin
1465 al Shauatwa

3. al Shobin

1461 al Talawa al Shobin
1462 " al Shobin
1463 " al Shobin
1464 " al Shobin
1465 al Shobin

The general arrangement of the forests as they are held by the village or under narrow long strips. The portition is quite essential for cultivation purposes & I recommend its acceptance. I attach herewith an application addressed to S.O. Jya signed by the S.O. al Shobin and al Shobin al Shobin in which they appeal to the S.O. to accept the present portition.

Detachments

There are no detached lands in Jya.

Attachments

nil

Port. Ham

There are no port. Ham in Jya outside the Shobin Rd. and the Barkay reservation.

Shobin

I recommend the removal of prescribed Shobin order.

Disputes

There exists one petty dispute between the Western Side of Jya land (in bl. 1460) and Borkawa lands.

There are also minor disputes between the Western Side of Jya land and the Borkawa lands. I expect to settle them in the course of the Investigation.

Subject:- Registration of Roads at
Land Settlement.

It has been decided that public roads are no longer to be registered in the names of Mukhtars on behalf of villages, but in the name of the High Commissioner on behalf of the Government of Palestine.

2. Please therefore record all claims to public roads in future in the name of the High Commissioner on behalf of the Government of Palestine. It will thus no longer be necessary to differentiate between village and inter-village roads, and the description of any such road in future will be "public road".

3. Non-matruka private roads will continue to be registered in the names of claimants as heretofore.

Subject: Cases Nos. 5/Chalusa
and 22/Ghabat Kufra Sir
Reference: Your L.S./8(9) of 24th February 1936

I beg to make the following remarks
concerning the above mentioned subject.

I was entirely unaware of the existence
of a disputed road between blocks 8007 in Chalusa
and Ghabat Kufra Sir as no claimants whatever
claimed such road in Chalusa lands. Again, I was
informed by the Village Settlement Committee of both villages
that the only boundary dispute between Chalusa and
Kufra Sir is that parcel referred to as No 33 in Bl. 8007
in Chalusa. Furthermore when I inspected the land
and recorded the claims no claimants appeared for
disputed boundaries outside the parties of parcel 8007/33.

As Ghabat Kufra Sir was settled or at least
inspected long before Chalusa the Assistant Settlement
Officer of the said village could have notified me of all
amendments made by him in order to have them
noted on Chalusa block plans.

THIRD PARTIES: Mukhtars for the time being on behalf of the village of Kafr Sur

The proceedings in these cases were not entered, except in note form, at the hearing, as that consisted of an exhaustive investigation on the ground in bad weather. The following is a summary from rough notes, followed by decision.

Mukhtars and members of Village Settlement Committees of Qalansawa and Ghabat Kafr Sur maintain that there were two old roads which had been used as public highways; one from the south, continuing northwards through block 7933, presumably between parcels 5 and 10 and 7, thence to the road, parcel 8, and so into Nathaniya lands; another joining the main Tel Ashir - Khirbat Beit Lid road along the eastern boundary of block 7934 and forming a continuation of the road, parcel 9, on the south of block 7933, as far as point 55/K; thence eastward along the northern boundary of block 7934. Both of these roads appear on the Survey 1/20,000 sheets as intervillage roads, and there is no doubt that they were so used.

Now, when settlement began, the Hannun family, claiming parcels 7933/5, 10, 7 and 7934/3, through all of which these roads should run, apparently decided that it would be of benefit to their lands if the two roads ceased to exist or were deviated so as to pass through other parcels' land, and the Village Settlement Committees were either induced or driven to claim a road around half the perimeter of block 7933, and in another person's registered land, to join up with the old road at the boundary of Nathaniya lands. They knew there was an old road and they thought quite rightly, that some road should remain. I cannot understand how the Assistant Settlement Officer engaged in Kafr Sur, with the same information available as in my investigation, did not take steps to re-establish the old roads. His note on claim

./.

No.357 is not sufficiently explanatory; the Mukhtar and members of the Village Settlement Committee, as well as other people, informed me that the old road ran through the Hannun lands straight north and south, to be continued in Nathaniya Lands.

With regard to the road along the northern boundary of block 7934, the owners of parcel 8007/31 informed me that they had already moved back their southern boundary to make room for this road, and that is borne out by measurement of their Tabu plan.

It is a matter for regret that plans of blocks 8007 and 7933 should have appeared, after examination and checking by two Assistant Settlement Officers, in their present state. The disputed road and block and village boundaries shown in block 7933 do not appear at all on the corresponding boundary of 8007, nor is any reference made from either to the other. The only information that appears in 8007 is as to a disputed parcel, called No.33 in this plan and called No.12 in 7933. The same parcel appears in two blocks under different numbers. The whole question of roads, disputed parcels and disputed boundaries in these two blocks reflects great discredit on the Assistant Settlement Officers responsible, and it is well that this bad work was discovered before, I, who dealt with No.8007 first, had passed that plan for publication and sent amending orders to the Land Registry.

Subject:- Renunciations and other
admissions made by women.

The Settlement Officer, Gaza Settlement Area, has stated that women constantly complain to him of having been cheated of their rights by male relatives who get them to renounce on the promise of paying compensation and after the renunciation has been effected refuse to pay.

2. I have been in correspondence with the Settlement Officer, and I attach a copy of my letter No. C/2/17 of 5.10.35 to him with the contents of which he is in agreement. Please note the letter carefully and give effect to it.

3. In brief, the instructions to be noted by you are :-

(1) Assistant Settlement Officers will take the greatest care to ensure that women have been compensated for what they give up and will not permit a woman to renounce rights if he thinks there is anything doubtful or any element of force about the transaction.

(2) After a right has been recorded in the name of a woman, no renunciation will be taken from her in respect of that right without the specific approval of the Settlement Officer.

(3) Where a woman's share is eliminated, action will be taken under Administrative Instruction No. 856, taking in account also para. 4(1) above. Assistant Settlement Officers should be convinced that admissions of having received compensation are genuine or they should recommend that the compensation should be entered on the Schedules of Rights as a charge.

I have been in contact with the Land

Settlement Officer,
Gaza Settlement Area,

Subject:- Renunciations.

Reference:- Your 2/27 of 27.9.35, and our discussions in Gaza on 25th and 26th September.

We have agreed that renunciations may be classified into those which (a) support "barrani" purchases which it is stated in claims, took place before Settlement; (b) are in the nature of a facility to enable claimants to effect transactions during Settlement; and (c) obviate elimination proceedings.

2. In regard to those under (a) these are confined to cases where X says in his claim that he acquired the parcel (or share) prior to Settlement from Y. The latter makes no claim, and the renunciation is required solely that the Settlement Officer may assure himself that Y positively has no claim to make and to confirm the transfer of the parcel or share to X. This is a case where it might be said that the Settlement Officer requires the renunciation. We are agreed that in such cases the renunciation must be taken whether from a man or a woman.

3. Regarding those under (b), we are not obliged at any time to accept any renunciation and I am agreeable to instruct Assistant Settlement Officers not to accept any in these circumstances. That is, if a woman has had a right recorded in her name in any claim, she shall not be allowed to renounce it afterwards unless by Settlement Officer's specific approval.

4. In regard to (c), if women state that they have received compensation for eliminated shares or parcels they should appear before the Assistant Settlement Officer and make a positive statement to that effect as provided for in the alternative method given in Administrative Instruction 856. It has been my endeavour to reduce as much as possible the entries made on the Schedules of Rights in respect of compensation as this causes us and the Land Registrar a great deal of work (and the Director of Land Registration has already taken up the matter) and, further, causes all parties concerned trouble and expense in journeying to the Land Registry to clear the entries in due course. To enter all compensation

due to women would be to take the many who
are content to suffer for the few.

5. Assistant Settlement Officers will also be instructed to treat all renunciations or other admissions by women with the greatest attention and to ensure that the women know exactly what they are doing and what they are admitting.

6. I return you file. Will you please inform me if we are in agreement.

In demarcating and recording certain areas of the Blue Block we had an extremely troublesome and dangerous time. The police had to be called to maintain order and security viz my letters to S.O. Peshal Settlement Office and Police Officer Golgolya.

I am attaching in this file some copy and recorded parcels that could not be completed at Tira Settlement Office for the reasons mentioned in my letters to S.O. P.S.O. Joffe (attached herewith). I attach also the petition sent to the P.S.O. to every claim so that one would know who originally applied for demarcation and registration. There are probably many others I should claim other areas of the Harka but have not applied to any authority or appeared on the spot for demarcation.

Dear Hasan Bey,

As I have promised you on
Monday, I was coming to visit you today, but
the weather did not permit and I am afraid
that it remains for one or two days more.

I therefore should be obliged if
you would kindly fill in the number and date
of registration on the attached list and for-
ward to me.

Your sincerely.

Subject: Diary
Reference: your of 2/5(2) of 3/2/36

What my clerk probably meant is that there
are claims to be recorded with a new manner
of acquisition. Such require new Pass & the Russians
or supporting documents. Actually there are about
380 claims not fully completed. The manner of
acquisition is being copied from previous similar claims
but still they lack the signatures of claimants or recommendations
and the elimination of duplicates. Of these 380 claims 125
claims are ^{are} entirely completed as reported. The 125 claimants
were called and oaths were taken all day long for a
week (i.e. from 26th to 31st January). This is also being done now
so that we can finish the rest of the claims by the middle of this
month. 2. Para. (a) and (c) of your of 1/11/35 are noted
for future guidance.

I enclose herewith a petition from Hasan Musa Qashu' together with claim No. 1276 for parcel 7766/29. Please go into the matter. If petitioner's statement is correct accept a counterclaim from him and his partners against this parcel.

2. As regards parcel 7782/27 you should inform petitioner that the Schedule of Rights for block 7782 has already been published and that I am, therefore, unable to accept a counterclaim against this parcel.

3. I also enclose claim No. 1270 for parcel 7766/24 and claim No. 1277 for parcel 7766/30. Your attention is drawn to the petition by Nasra Musa Muhammad Qashu' and to my reply to her both of which are attached to claim No. 1270.

4. Summon all parties concerned and investigate the matter thoroughly as it appears that Nasra's petition has some bearing on the petition referred to in para. 1 above. Please endeavour to settle the matter amicably failing which accept a counterclaim from Nasra and partners against parcels 7766/24, 29 and 30.

Subject:- Diary.

I have received your diary for January and have the following observations to make :-

- (a) It must in future be kept in a much neater manner.
- (b) When I inspected your office on the 25th January, I was informed that there were only about 20 claims outstanding. Yet I find that you have entered, between the 26th and 31st, a total of 125 claims recorded (col.2 on the form). Either your clerk very badly misled me or you have made entries in your diary of claims that you have not recorded.
- (c) Where you make an entry in col.2 (number of claims recorded) there is no need for you to enter in col.4 "Recording claims." This column is for a brief note of other work done.

2. Please note (a) and (c) above, and let me have your explanation regarding (b).

2. In the "field inspection" column, by "number of parcels" is meant the total number of parcels inspected and not the serial Nos.- please see instructions issued with the form. If you settled a dispute amicably that would have involved some 50 c/claims, as you state, it appears to me that this was of enough importance to warrant being mentioned in column 4 of the form.

2. The whole object of the instructions was to ensure that the claims are numbered serially as sworn and signed by you. You have attained the very opposite result. For instance, take claims Nos. 2250 - 2259 : these are dated respectively as follows :-

The Assistant Settlement Officer
Tireh Village, near Tul Karm.

Subject: Tireh, Block 7738, Parcels 29 and 30.
(Provisional parcel 7- a and b combined.)

Sir,

I have submitted a claim based on Official Kushans for the above two parcels measuring 34 dunams 333.88 meters. This measurement is based upon an Official Survey made in 1933. I am therefore very astonished to find that parcel 30 has only 4-dunams 924 meters, and parcel 29, 25 dunams 154 meters. Total: 30 dunams 78 meters.

I would pray to inform me how this loss has occurred, especially when a previous road of 1 (one) dunam 3.70 meters was already reduced during the first registration.

Yours faithfully,

Subject: My absence on 25/1/36

Reference: Your note in my Opa Diary

The reason I was absent from the office on 25/1/36 was a terrible pain in my teeth as explained in the sick Report which was already sent to you. This is, I believe, the only date I failed to enter in the diary. Friday the 25th is my day of rest and the 26th was duly entered. Of course my absences or work of the 25th should have been entered also, but as I was pre-occupied with my pain and did not go to the office, it never ever slipped my mind to state where I was going. Again, I failed to write and return from my dentist before your arrival. I admit the mistake and regret the error.

As to the "Field Inspection" columns of the diary it apparently appears that my clerk failed to explain the black and forced numbers entered there. Although I have inspected these records some time ago but I have been receiving petitions stating that unless the people who have encroached on the village thusha keep to their own boundaries every family or household will explain all the records that about the thusha of the other family. I mean some so explain. To avoid all this I again inspected the black and forced and solved the matter amicably. These records were entered in the "Field Inspection" columns of the diary and you believed that I did incorrectly.

Sir,

On behalf of my client, Mr. Solomon Jacobson, I have claimed in the above block 52 standard dunams and 485.44 meters as per Official Title Deed. Now I have received a Kushan only for 42 dunams 0.33 meters. I have applied to the Central Office and I have been told to apply to you for an information how this discrepancy has arisen.

I would therefore be obliged for your earliest information how more than 10 dunam land are missing.

Subject:- Elimination Proceedings.

During the public investigation of claims in this village, members of the V.S.C. and others stated that many of the entries regarding compensation due to persons whose shares or parcels had been eliminated were unnecessary as the compensation had either been paid or would be settled if opportunity could be given to the people. The object was to settle up these matters to save the people having to go to the Tabu later.

2. If you read the Order Prescribing Minima carefully you will see that the Settlement Officer is empowered to enter compensation as a charge against the parcel if other satisfactory arrangements are not made. In this connexion also please see Adm. Insts. 855 & 856.

----- 3. I am therefore sending you herewith the claims mentioned in the attached list for you to see what can be done towards cancelling entries regarding compensation. Please acknowledge receipt on one copy of the list.

4. No one ^{is} to be obliged to sign, but we merely give them an opportunity to request that no entry be made in the Schedules of Rights in order to save them trouble in the future in going to the Tabu. Above all, we must not be ~~rendered~~ ^{unduly} troubled in the matter in order to save them trouble, but nevertheless it is worth trying to save us ^{having to type the entries} having to enter them in the register and then cancel them afterwards.

✓ 5. In the cases of minors, I will accept the signatures of the father or mother or the guardian. Also, if the father or mother is dead and there is no guardian, I would accept the signature of the de facto person having charge of the children provided the amount due is small.

6. Please deal with the claims one by one and send them back daily if necessary as you settle them or find that you cannot settle them, so that I may proceed with the publication of the Schedules of Rights which are in some cases being prepared.

In any case, please do not delay the matter for more than a week after receipt because people do not attend at your office. It should be noted that where several people are concerned you may want signatures of some of them and leave the others regarding the others to attend. Please do not send the application form - simply enter under part 2.1. of the claim to it.

at the time of the preliminary settlement of this Block by Shams Eff as said claimants owning parcels abutting on road no 27 agreed to the opening of this road at a width of 3 ms to be taken from both sides in equal proportion.

This road was duly shown on the pre-l. plan accordingly & the claimants concerned signified their consent thereto by quieting this road in their respective claims as forming part of their boundary of their parcels on the south or on the north or on the east

according to the location of their respective parcels.

2. This panel was investigated in public as undisputed on 13.8.35 & I gave a decision thereon approving of the opening of the road at a width of 3 ms. This decision stands & should be given effect to.

3. It ~~was~~^{has} come to knowledge that some of the owners of parcels abutting on the road have not yet opened it whilst others have done so but not up to the approved width.

I attach hereto a tracing of the ~~road~~^{road} showing the width & the abutting parcels will you please call on owners concerned as shown on the tracing
